SHOOT FOR TURKEYS.

POLICE INDULGE IN THEIR ANNUAL TARGET PRACTICE.

SEVERAL SURPRISING SCORES.

OUT OF TEN SHOTS, THREE OFFI-CERS MISS THE TARGET.

Two Patrolmen Barely Save Their Records by Grazing the Outside Rim-Distance Was Twentyfive Yards-Target a Big One.

The Thanksgiving turkey shoot of the po lice department was commenced at Kerr's park yesterday morning. Nineteen of the city's "finest" exhibited their marksmanship. The target, which was of an unusually large size, did not suffer much, considering the pounds of lead hurled at it. The shoot was at twenty-five yards; conducted under Porter-Walsh rules. Seventeen was the highest score made yesterday, while several of the "cops" failed to hit the target at all, out of ten shots each.

Yesterday's score follows: Bradbury, 17; Walsh, 13; Broadhurst, 19; Younger, 9; Mackey, 8; Downs, Fisher, Harris, 7 each; Campbell and Deavy, 8; McMullens, 5; Stewart and Quarles, 4; Harrison and Neudeck, 1; Voorhees, Carnich and Grinter, 0. The remainder of the force will shoot this morning, Yesterday's contestants assembled on the grounds shortly after 10 o'clock. When time was called Officer Voorhees was the first man to toe the scratch. He was very nervous and before the word fire, was given he was suddenly seized with a severe attack of "back-ague." His body shook violently and at the command "fire" his eyes closed. A terrific explosion, instantly followed as the weapon used by Officer Voorhees was of a 4s-caliber, Colt's. The huge piece of lead tore up the ground about ten feet from the policeman. Time was called to caution the man with the gun about his toes. Then the remaining nine shots were fired without puncturing the target.

Officer Carnich was the next. Carnich had told his fellow officers that there was no use for any of them to shoot after he had made his score. Carnich's confidence was due to a dream which troubled his brain Monday night, while napping at No. 1 station. In this dream he had a presentiment, He saw all of the men lined up with pistols in hand; the target was posted on 'n tree (fust exactly like the one used yesterday); the men preceding him in the shoot made excellent scores; he was feeling discouraged. But wait. When he had fired his tenth shot it was discovered that the ten bulles fired from his revolver had bored a hole through the tree just the size of the "bull's-cyc" on the target.

Officer Carnich was positively sure of winning the turkey. He was doomed to shoot was at twenty-five yards; conducted der Porter-Walsh rules. Seventeen was

the tree just the size of the "bull's-eye" on the target.

Officer Carnich was positively sure of winning the turkey. He was doomed to disappointment, for when his tenth shot was fired, he Voorheeslike, had failed to secore, Garnich's grief was enough to penetrate the hardest heart. Chief Quarles told the officer that he should not feel had as the officer that he should not feel bad, as he had won the turkey in his dream Mon-day night. The chief gave him permission to take an hour's nap to-night so that he might prepare the gobbler for Thursday's direct.

might prepare the gobbler for Thursday's diarer.

Officers Stewart and Quarles came near getting together under prize-ring rules. They tied a score of four. Stewart made the remark that he did yet care because he lost the turkey, but to think that he made as poor a score as Officer Quarles was, in his estimation, very humiliating, Quarles took a reversed view of the shoot and declared that he could beat Stewart shooting and give him two shots to his one. The discussion became warm when one of the other officers acidentally discharged his revolver and narrowly escaped losing a finger. This put a stop to the Stewart-Quarles argument.

Quaries argument.
William McMullens, who has always been considered one of the best crack shots about the city hall, was rendered homesick when a score of five was credited him. Will has been ill for some time and yesterday's poor showing will not likely lower

Will has been ill for some time and yesterday's poor showing will not likely lower his rating as a marksman.

Sanltary Sergeant D. W. Grinter falled to touch the taget and this was somewhat of a surprise. "Uncle" Dan has handled firearms ever since the 2%, and carries a brass medal won by him at a pistol shoot at Daltonville, I. T. He declares that some of the "boys" must have "switched the cut" on him and placed blank cartridges in his revolver. He will not contest the result, however.

All the policemen who did not shoot yesterday will go on record to-day. Chairman McCambridge, of the police board, stated last night that if the other policemen did as pocrly as the first nineteen, he feared that a reorganization of the force would be necessary.

POLICE WILL REST AWHILE. The Famous Callaway-Friedson Difference of Opinion Now Goes to

the Civil Courts. the Civil Courts.

The Callaway-Friedson controversy is nearing an end. For the past week or more one or the other of these men has been at rested daily for trespassing, disturbing the peace or interfering with the business of a junk shop on North Third street—the immediate cause of all the trouble. Callaway was first arrested in police court on complaint of Friedson, who charged him with desturbing the peace. Then Friedson was arrested in the same court for disturbing the peace. Then Friedson caused Callaway arrest on the charge of trespassing Callaway retailated by getting out a warrent for the arrest of Friedson on the same charge.

warrent for the arrest of Friedson on the same charge.

Police Judge Manning grew tired of all this and informed the two men the last time they were before him that if they were brought into redice court again they would both be fired on general principles. Friedson, still determined to have satisfaction, caused Callaway's arrest in the South side city court. Callaway come back at him by causing his arrest in the North side city court. Both arrests in the city courts were made on the same grounds.

Yesterday Callaway and Friedson got together and decided that the nearest and chapes way out of their controversy was to have the matter decided through a civil action. All criminal actions were dismissed All criminal actions were dismiss action. All criminal actions were dismissed in the city courts and a civil action committeed instead. Callaway asked that Friesson give bond to keep the peace during the result of the civil suit. He gave band in the sum of \$200. Friedson made the same request of the court is to Callaway and he was compelled to furnish a \$200 bond that he, too, would keep the

The facts in the controversy have been published in The Journal. Callaway conflueted a junk shop on Third street and employed Friedson as a clerk or assistant manager. One day Callaway decided to go having and left Friedson in charge of the establishment. It imprehed that during his absence the owner of the building occupied by the junk shop called for his rent. Friedson paid for the month already due in Callaway's name. He then paid the bridlerd for three months' rent in advance and had the receipt made out in his name. When Callaway returned Friedson served notice on him that he was no longer "boss" of the ranch. The question of ownership facts in the controversy have been hed in The Journal, Callaway con-

WOES OF THE MISMATED.

Judge Alden Grants a Divorce to Margaret Smart, but Refuses

to Separate the Kentons. Judge Alden, of the district court, devot Judge Alden, of the district court, devoted the greater part of yesterday to hearing the troubles of two mismated couples. The titles of the cases were Richard Kenton against Catherine H. Kenton, and Margaret A. Smart against J. W. Smart. The plaintiff in the last case was granted a decree, after a bitterly contested suit. They were married in Canada in 1856 and lived together until December, 1833, when the plaintiff was forced to leave the defendant on account of his extreme cruelty towards her.

in the Kenton case, both parties de-lared their right to the decree. Mr. Kenton in his petition charged his wife with being unduiful; also he alleged that she abandoned him. Mrs. Kenton promptly filed a crossbill in which she denied all of the material allegations contained in her fusband's petition and in conclusion asked that she be given the decree and the title to certain property alleged to have come into the possession of the plaintiff by vir-tue of a little money which she had when they were married.

Kenton charged Mrs. Kenton with aban-doning him to go to the home of her sis-

Kenton charged Mrs. Kenton with abandoning him to go to the home of her sister in Ohio. Mrs. Kenton, in her answer, claims that the plaintiff sent her to Ohio and that he refused to send her money to return to him on. Mrs. Kenton alleged in her answer that the charges made in her husband's petition were false, while Kenton, in his reply, alleges that the statements made by Mrs. Kenton are false. And so it was argued all day long before Judge Alden. Mrs. Kenton claimed that she was in the right and that Kenton was in the wrong and was not telling the truth. After a very interesting legal argument the wrong and was not telling the truth. After a very interesting legal argument the court came to the conclusion that both Mr. and Mrs. Kenton were in the wrong and he refused to grant either a divorce. They left the courtroom separately, but not separarted.

A GASOLINE EXPLOSION.

Mrs. Rachael O'Brien Probably Fatally Burned-Tried to Fill the Tank on the Stove.

Mrs. Rachael O'Brien, wife of Edward O'Brien, an employe of the Armour Packing Company, was frightfully and probably fatally burned at 4:30 o'clock yesterday afternoon by the explosion of a five gailon can of gasoline at her home, No. 227 North Sixth street, Kansas City, Kas. Her 1smonths-old buby was also painfully burned, but the child's injuries are not thought to be serious.

months-old baby was also palnfully burned, but the child's injuries are not thought to be serious.

Mrs. O'Brien was ironing some clothes and was heating her irons on a gasoline stove. In filling the tank some of the oil was spilled and ran down the pipe to the blaze. A terrific explosion instantly followed. Mrs. O'Brien was covered with burning oil, as was her little baby, who sat on the floor near by.

The mother did not pay any attention to her own peril, but hastened to the rescue of the infant. She caught up a heavy bed comfort and succeeded in extinguishing the flames which enveloped the child. By this time her own body was completely enveloped in the flames. Her screams brought several of the neighbors to the house, but not until she had fallen to the floor unconscious, her clothing still burning. The kitchen was on fire by this time, and it was with difficulty that the flames were extinguished. Mrs. O'Brien was terribly burned about the face, hands and breast. Her hair was burned off to the scalp.

Dr. E. J. Lutz was quickly summoned and dressed the injuries. It is not believed that she can survive, as from all indications she inhaled the flames. She was in great agony last night, but was still alive at a late hour. She is 25 years of age and has been married about two years.

ALLEN WILL NOT PROSECUTE. C. E. Riley, Who Was Charged With Assault With Intent to Kill.

Is Discharged. The case of the state against C. E. Riley, who shot and dangerously wounded W. N. Allen, of the Keeley institute, some three weeks, ago, was yesterday dismissed in the North side city court by Dr. J. Y. Simpson, the complaining witness. Dr. Simpson paid the costs in the case and it is thought that nothing more will ever come of it. It will be remembered that Riley, who is a traveling salesman for the Schmelzer is a traveling salesman for the Schiller.

Riley was shot in the fleshy part of the leg during the altercation. Allen was thought to be mortally wounded at the time and for several days his life hung in the balance. He finally commenced to regain strength and is to-day able to walk on the streets.

regain strength and is to-day able to walk on the streets.

There has always been more or less speculation as to the direct cause of the shooting. Riley stated to the police before he thought Allen would recover that he had letters in his possession which had been written to his wife by the man whom he attempted to kill. None of these communications ever became public property, however. It is claimed by the friends of Mr. Allen that the trouble was due to a misunderstanding over a business deal between the two men.

THE NEWS AT LEAVENWORTH.

Attorneys in City Trensurership Contest File Briefs-Improving the Road.

The city treasurership contest was recalled yesterday, when the attorneys for A. A. Fenn served their brief on the question in regard to the sustaining or overruling of their demurrer to the petition of Otto C. Beeler, now before the suprem

Otto C. Beeler, now before the supreme court at Topeka.

It will be remembered that Otto C. Beeler was elected city treasurer at last spring's election and that within ten days after being elected he presented to Mayor Edmund a bond which was approved, and he was sworn in. After this the question was raised as to the sufficiency of the bond, and Beeler proceeded to procure a bond from an indemnity company, which he presented and which was approved about May 12, 1897.

Fenn refused to give up the office on

12, 187.

Fenn refused to give up the office on April 15, claiming that the bond was not sufficient, and again refused to give it up on or about May 12, claiming that Beeler had not qualified within ten days after being elected to the offi, and thus lost the had not qualified within ten days after being elected to the offl, and thus lost the offle, and since the law said that he. Fenn, was elected for two years and until his successor was elected and qualified, there was nothing for him to do but hold over. The attorneys for Beeler claim:

First—That Beeler qualified properly within the ten days, and,

Second—That even if he did not properly qualify until May 12, since his bond at that time was approved, he was entitled to the office and that Fenn is now a mere intruder. They also claim that if Beeler properly qualified either on April 15 or May 12, Fenn's bond was then released and that he is now handling the funds of the city without a bond.

When the demurrer was recently filed in the supreme court, the judges instructed the attorneys in the case to file their printed briefs. The attorneys tor Fenn have already done so and Beeler's attorneys will file their to-day. The citizens of Leavenworth are watching this case with a great deal of interest and hope for an early settlement of this matter, as they do not care to have the funds of the city wrapped up in litigation of this kind. John W. Haussermann and W. A. Porter are Fenn's attorneys, while John H. Atwood and John T. O'Keefe represent Beeler.

To Improve the Road.

Since the old Kansas Central railroad passed out of the hands of the Union Pacific and became known as the Leavenworth, Kansas & Western, the new officials have been putting in many improvements. This is to be continued until the roadbed is in a first-class condition. This morning the piledriver starts west and will be out for a month. It is the intention of the officials to thoroughly overhaul every bridge on the system and place them in a safe condition. The road runs through a valuable territory and since the change in the management it has become a paying property. Scarcely a day passes that does not bring in several extra freight trains, many of which are loaded with stock. The stock is principally turned over to one of the Kansas City roads, aithough some is forwarded to Chicago.

At the meeting of the Carnival Club the treasurer could not submit a final report, as he stated that a number of bills were still outstanding, the parties never having called for their checks. The government presented a claim against the committee for \$90, claiming that tent poles and pins to that value had not been turned in.

A similar claim was presented by the state, and it was decided to pay both claims. A committee of ladies, representing the Old Ladies' Rest, appeared at the meeting in the interest of that institution. They had a paper signed by a large number of the donors to the Carnival fund, requesting the club to donate to the rest their proportion of the surplus funds. Nothing was done in the matter and it will come up again at the next meeting. Not Anxious for Their Money.

Good School Attendance.

The dry, cool weather of the past few days has had a marked effect upon the epidemic of searlet fever and diphtheria in the city, and during the past two or three days no fresh cases have been reported. As a consequence the attendance at the city schools is now largely increased, some of which are crowded to their utmost capacity. The schools will all observe the Thanksgiving season and will close this afternoon until next Monday morning.

"Of course," said he, "all contracts now outstanding will be lived up to. The provisions of the measure would not be applicable prior to July next."

"I know it is not popular," said Alderman Morrison, "to oppose such a measure, still that is not the question. We owe Kansas City a duty."

Alderman Wyne said: "The committee carefully considered the ordinance and found that Des Moines, Chicago and other large cities have, and enforce, a similar measure. The parties at present doing the city printing would have an even chance with other papers at the work—the only difference being that some changes in labor arrangements might be necessary."

The ordinance was passed by a vote of 8 to 1, Graham votting no.

An ordinance was passed requesting the Missouri Pacific railway to creet and maintain electric lights at street and railway crossings.

Alderman Morgan's ordinance appropriating \$500 to the Helping Hand institute, with which to give free baths, under certain conditions, was referred to the city comptroller.

It was at this juncture that a small flur-

tain conditions, was referred to the city comptroller. It was at this juncture that a small flurry was created. The announcement was made that the lower house had passed the ordinance granting the electric railway franchise over the mayor's veto. In an instant Mr. Seddon moved to adjourn, which was seconded by Dr. Morrison.

Mr. Jewell suggested that some resolution or statment had been sent over from the lower house which he wished to read.

The point was made and sustained that the motion to adjourn was in order and it was promptly sustained by a vote of 5 to 3. Those voting nay were President Graham, Aldermen Jewell and Morgan.

After adjournment the contention was made that the friends of the measure had counted noses and ascertained that a vote was lacking to constitute the necessary two-thirds, and hence the adjournment. The friends of the measure claim that with a full attendance of their side the ordinance will yet become a law.

This action of the body precluded the introduction of the ordinances looking to the scaling of water rates; the appropriation of \$15 with which to purchase medals for brave firemen and the adoption of the double metallic fire alarm system.

In the Lower House.

In the Lower House.

In the absence of Speaker Smith, Counciliman Lynch was elected to preside over the lower house meeting.

The East side electric franchise was passed over the mayor's veto by a vote of 8 to 1, after a resolution had been adopted providing a test of the applicability of the Julian law.

When the mayor's veto of the East side electric road franchise, on the ground that it does not comply with the Julian law, was read, the vote was taken without debate. Messrs. Beroth, Brinkley and Pendergast voted no, Messrs. Craig. Wolf, Hough, Lynch, Simonds and Burrows voted aye. Mr. Burrows explained his vote by saying that he was in favor of all public improvements. The vote resulted: 6 ayes, 3 noes, and the ordinance was not passed, it requiring seven affirmative votes.

Mr. Pendergast stated that as Mr. Lynch had worked hard for the franchise and as many of his (Lynch's) constituents were Mr. Pendergast stated that as Mr. Lynch had worked hard for the franchise and as many of his (Lynch's) constituents were friends of his (Pendergast) he would change his vote and moved a reconsideration, which was carried. On the second vote both Messrs, Beroth and Pendergast joined the majority, only Mr. Brinkley sticking out to sustain the mayor. The result was greeted with applause by a numerous lobby.

Councilman Simonds' concurrent resolution requesting the institution of quo warranto proceedings to determine the applicability of the Julian law to the West Side and East Side electric street railway franchises was adopted. The resolution sets out that many learned lawyers held opposing views on the subject and declares that it is due to investors to have the matter tested as soon as possible. The mayor is requested to ask the attorney general to begin proceedings to test the matter in the supreme court. ne supreme court. Colonel Simonds in discussing his resolu-

the supreme court.
Colonel Simonds in discussing his resolution criticised the mayor for not beginning proceedings against the West Side Street Railway Company to test the law. Messrs. Burrows, Pendergast and Brinkley voted against the resolution.
Ordinances were passed compromising for \$15 the \$10,000 damage suit of Mary Johnson: for \$100 the \$10,000 suit of Ercella Blackwell. An ordinance was passed appropriating \$200 to pay a judgment secured by Catherine King.
Ordinances were referred to the finance committee settling for \$150 the \$10,000 damage suit of George M. Dolan, and for \$150 the \$10,000 suit of Henrietta Noland, and an appropriation of \$150 made to pay a judgment secured by L. Jeanneret.
The ordinance appropriating \$400 to the Children's home was passed without debate.

REPUBLICAN CLUB. lany New Members Admitted and a Committee of Twenty-five on

Nominations Chosen. There was an abundance of talk and argument at the meeting of the Missouri Republican Club last evening, but it was all over some questions of parliamentary aw and the interpretation of the by-laws law and the interpretation of the by-laws, No addresses were made and but little done that was not routine business.

The treasurer reported all bills had been paid and there was over \$50 in the treasury. He received nearly \$100 more last evening from the admission of new members. Among the number admitted was Hon. Webster Davis, assistant secretary of the interior.

The entertainment committee reported that after the club opening it found there were several baskets of fresh and first-class provisions left. The committee asked the Frovident Association to take the lot and distribute it, but the officers of the association declined to accept it unless the club would stand the expense of having it delivered to the association headquarters. The Helping Hand was then notified and sent its wagon for the goods and Rev. Shawhan sent his thanks to the club for the provisions, which he said filled many a long felt want.

A resolution was introduced declaring it the sense of the club that no man should hold an office or serve on a permanent committee of the club if he held any office under the city, county, state or national government. It was laid on the table by an overwhelming vote.

There were over fifty applications for membership. Of that number the following were elected as members: Samuel S. Winn. A. H. Dickey, Allen F. Congleton, J. H. Krapp, George R. Thompson, R. H. Hunt, James W. Bowman, Henry Smith, James R. Grooms, J. E. Lach, Frank Dinwiddie, Goorge A. Wheeler, Harold P. Selden, A. D. Burrows, John C. Pond, C. J. Wagner, I. N. Wagner, H. I. Flouton, H. E. MEN RESTORED

True Manliness Replaces the

Out Nerves and Vigor. Remarkable Remedy That Makes a Man Young Again.

Man Young Again.

Thousands of men are to-day paying the penalty of earlier inattention to their strength. They have gone for years gradually burning out the fire of natural vigor when suddenly they break down. They look fairly well: there's not much outward evidence of decay but, the mind knows all about it. It is a peculiar form of weakness; produces a certain sensitiveness that completely upsets a man, and makes him feel that life has lost a goodly part of its brightness. There is a simple home treatment put up by a well known institution of Kaismazoo, Mich., that imparts a wonderful degree of strength to men who are sexually weak. It is a very powerful tonic that makes the nervest fairly tingle with enthusiasm. And to men who are prematurely old, apparently worn out and gone to seed the remedy gives that comfortable feeling imparted by a cheerful grate fire when we first come in of a cold, stormy night. By writing to the Michigan Medical Co., 39 Masonic Temple, Kalamazoo, Mich., they will send you full particulars regarding this remarkable tone and strengtheer and also explain how it is to be used, what it will do and all other information necessary to a complete, rapid and certain restoration, enlargement and return of manly vixor. It is a home treatment; embodies all the practical results required for either a young or old man and is just such a curative as thousands of men are looking anxiously for. All correspondence is confidential and their envelopes are perfectly plain, carefully sealed and mailed under first-class postage. No man need hesitate to write to the Michigan Medical Co., as they are regularly incorporated by the state have been in business many years, are well rated by the commercial agencies and have first-class bank references. agencies and have first-class bank refer-
